REFERENCE: TCS-2459-57, dated 4 December 1957

1. Reference is made to the memorandum TCS-2459-57 reporting the results of a meeting at which an agreement was concluded that the TALENT Control Officers in OHR, OSI and OCI would review past and future TALENT reports and request Project HTAUTOMAT to sanitize these reports for release to [REDACTED] the memorandum stated that it was further agreed that release to [REDACTED] should approximate 100% of all TALENT reports produced.

2. It appears to the CIA/TCO that prior to releasing sanitized TALENT reports to [REDACTED] that this decision should be reviewed and concurred in by the Utilization Advisory Board with the agreement of the Security Advisor/UAB.

3. Since the Security Advisor for the Utilization Advisory Board, [REDACTED] did not attend the meeting at which the above decisions were concluded, the Director of Security CIA would be unaware and uninformed of the proposed release of these highly classified Agency reports to a foreign government.

4. It is believed that the best interest of Security would be served should the Director of Security, CIA be cognizant of any and all exchange of information of TALENT materials or TALENT reports with any foreign government.
